## Bachelor of Technology in Information System for Digital Business

This 4-year program prepares students for the digital economy by integrating advanced technologies such as Artificial Intelligence, Blockchain, Big Data, and Digital Business Strategy. Students develop practical skills through hands-on learning in mobile application development, cloud computing, and robotics. The curriculum focuses on innovation, problem-solving, and real-world applications, equipping graduates with the knowledge and technical expertise needed to succeed in modern technology-driven industries.

### Why Choose DPU?

DPU offers practical, career-focused education designed for the digital era. Students gain hands-on experience in mobile development, cloud computing, and robotics while building strong foundations in IT and business. With strong industry relevance and global pathways, DPU prepares graduates for careers in IT consulting, data analytics, and project management.

### Entry Criteria

- High school certificate & transcripts (Grade 12, A Levels, GED, OSSD, BTEC Level 3 or equivalent)
- English proficiency: IELTS 5.0 or equivalent for entry, higher scores for scholarship eligibility

### Internship Opportunities

Final-year students complete a compulsory internship with our global industry partners, gaining real experience and industry connections before graduation.

Full Program Tuition Fee  
**600,000 THB**

Payable in 8 installments (75,000 THB per Semester)

4 Intakes (January, March, August and October)

## Bachelor of Business Administration in International Business

This four-year Bachelor of Business Administration in International Business at Dhurakij Pundit University (DPU) prepares students for global careers through a modern, practice-oriented curriculum. Students develop analytical and decision-making skills in global trade, import-export management, and international marketing. The program builds entrepreneurial thinking, cross-cultural communication, and strategic problem-solving abilities, enabling graduates to create business opportunities and successfully expand organizations into international markets with confidence.

### Why Choose DPU?

Students learn international business practices through real projects and case studies in multicultural classrooms with peers from over 15 countries. Experienced faculty and industry experts share practical insights, while company visits and strong corporate partnerships enhance professional exposure, career readiness, and global networking for international business leaders.

### Entry Criteria

- High school certificate & transcripts (Grade 12, A Levels, GED, OSSD, BTEC Level 3 or equivalent)
- English proficiency: IELTS 5.0 or equivalent for entry, higher scores for scholarship eligibility

### Internship Opportunities

Final-year students complete a compulsory internship with our global industry partners, gaining real experience and industry connections before graduation.
